

February 25, 2021 - AutoCAD 2008 is a 2D drawing and 3D modeling application. With this amazing software, you can create something extraordinary. In this book, I want to help you understand what it is - AutoCAD. In it, I will talk about the program, introduce you to all the main tools, as well as how to work in AutoCAD. You can read this book and get started with the program, but if you are not new to 3D modeling, you do not need to read this book.
