This year, more than 500 new companies have already opened with the help of franchises. A franchise is the right to run a business under a well-known brand name (to open a clothing store, cafe, and so on). The company grants the franchisee the right to use its brand, technology, equipment, trademarks and so on. In Russia today, the most popular franchise brands are in fast food and catering. But even apart from them, there are quite a few interesting offers. For example, the New Balance sportswear franchise. There are also other well-known brands. In general, it may be noted that a franchise is a kind of contract, which stipulates that under certain conditions you open a business under the brand of another company. Basically, it is a profitable offer for business. If you invest in a franchise, you can get a ready-made business, without spending money on advertising, promotion and promotion. All these points are already thought out, known and thought out. All you have to do is

open a store as quickly as possible to make a profit.
But there are pitfalls, too.
